

**Have you heard about
eConsult?
Want to learn more?**

Electronic consult (eConsult) is a secure web-based tool that allows physician or nurse practitioner timely access to specialist advice for all patients and often eliminates the need for an in-person specialist visit.

With eConsult you would receive advice quickly and securely... **in less than 1 day on average!**

The eHealth Centre of Excellence is providing 30 minute webinars on how to complete an eConsult. Please join us on one of the following dates! Registration is below.
